

Hello Everyone,

As most of you know our daughter Calista is in need of a heart transplant. Once she receives it, she will be a transplant patient for life. We are confident that the procedure will give her the best opportunity to have a full and normal life. In order to help her with the costs that she may face in the years to come, we have set up a "Benefit for Calista Rux" Fund through Associated Bank here in Waukesha, WI.

On May 29th I am going to run the Madison Marathon and am asking you to sponsor my run to raise funds for our little girl. You can donate whatever you feel is appropriate in \$ per mile or a lump sum. No donation is too small.

Below is a pledge sheet if you or anyone else would like to make a contribution.

Thank you,

Steve and Colleen Rux
