Season Outlook: The Indians have a lot of experience returning on the defensive side of the ball, which should cut down the lofty scores we saw in Berlin games last season. If their offense can develop as well, you might see the Indians challenging for a Flyway crown. If not, then they could slide quickly down the standings.

Season Outlook: Ripon is looking to repeat their 14-0 State Championship finish from a year ago. With many talented seniors departing, including Isaac Minor, it won't be easy. The double wing attack is in good hands with the return of QB Scott Gillespie and David Soda, the team's leading rusher last season. Soda will also be counted on to help lead the defense. He will be joined at LB by Chad Beck and John Pahlas. The trio totaled 363 tackles between them last season. The Tigers have good speed and work ethic, but the question remains if they can replace the outstanding athletes that graduated.
